

CitySend It Today!

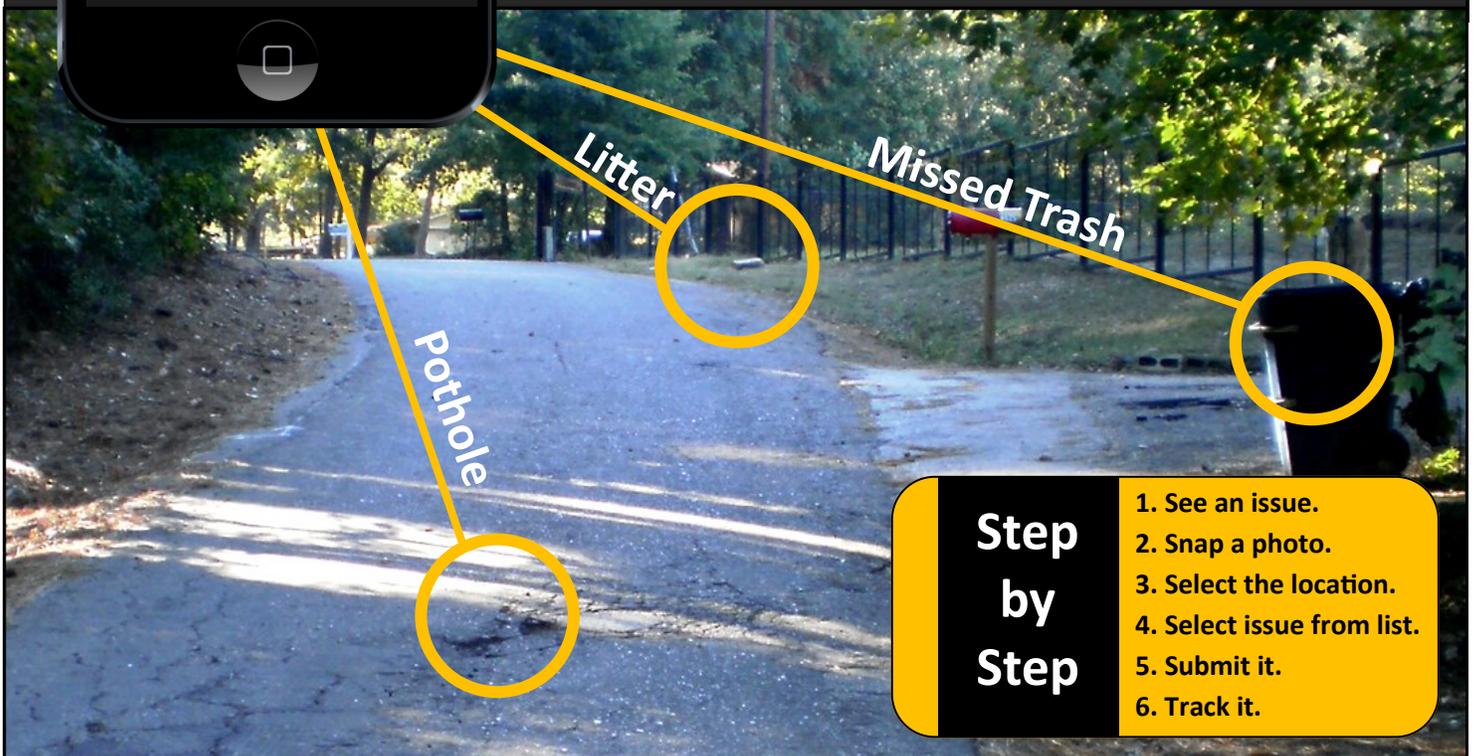

Online and Mobile Service Request System for the City of Longview, Texas

The City of Longview's CitySend App is an online and mobile service request system. CitySend allows Longview residents to identify issues and report those service requests directly to the City of Longview. Residents can upload a photo or video of the concern and mark the geographic location on a map. Each request is provided a unique tracking number so the user is able to see when action is taken. In addition to the submitting and tracking service requests, CitySend also has a news feature that provides an RSS feed of City of Longview news and public notices.

A smartphone is not required in order to use CitySend, since service requests can also be made online using CitySend at LongviewTexas.gov.

The next time you see a pothole or any other concern, just CitySend it. For more information, go to LongviewTexas.gov/CitySend.

Step by Step

1. See an issue.
2. Snap a photo.
3. Select the location.
4. Select issue from list.
5. Submit it.
6. Track it.

Submit at LongviewTexas.gov/CitySend or with your Smartphone
Available free on iPhone, Android, Blackberry, and Windows
